FEATURING

Mozart's Coronation Mass

Concert and Tour Production by Music Celebrations International
Produced in partnership with the Austrian and Salzburg Tourist Boards

The 13th Salzburg Choral Festival, *Jubilate Mozart!*, will take place in Salzburg, Austria June 28 - July 2, 2023. The festival will feature a large chorus consisting of mixed voice choirs from across North America. Three days of festival rehearsals, mingling side-by-side with singers from a variety of backgrounds, will lead festival participants to a grand finale concert in the historic and stunning Salzburger Dom.

Under the direction of Dr. Edith Copley, Regents' Professor and Director of Choral Studies at Northern Arizona University and ACDA President, the festival chorus will perform outstanding classical works selected by Dr. Copley. János Czifra, Domkapellmeister of the Dom, will conduct Mozart's Mass in C Major, "Coronation," KV 317, accompanied by the Salzburger Domorchester.

Overseen by a nearly 1,000-year old hillside fortress, Salzburg is quaint, delicate, and utterly charming. This picturesque city within the heart of the Austrian countryside rests along the northern boundary of the Alps, and literally resonates with the "Sound of Music."

Salzburg's most famous historical resident is, by far, the 18th-century composer Wolfgang Amadeus Mozart. As a teenager, Mozart was employed as a court musician by the Prince Archbishop of Salzburg. During this time, the composer worked in many genres, including symphonies, sonatas, string quartets, serenades, and a few minor operas. After a brief stay in Paris, Mozart returned to Salzburg in his early 20's to serve as court organist and concertmaster. In this position, he composed numerous works of sacred music for Salzburg, including his great Coronation Mass in C Major.

The Salzburg Cathedral – in German, the Salzburger Dom – is a 17th century baroque cathedral dedicated to Saint Rupert of Salzburg. The site occupied by the Salzburg Cathedral was probably a sacred place for sacrifices in Celtic as well as Roman times. The first cathedral was built under Saint Vergil of Salzburg, who might have used foundations by St. Rupert. The first Dom was recorded in 774. The finished church is 466 feet long and 109 feet high at the crossing/dome. The baroque style of St. Rupert's can be seen in the choir and the nave.

Among the precious objects to be found in Salzburg's Cathedral are the baptismal font in which Wolfgang Amadeus Mozart was baptized, the majestic main organ, surrounded by angels playing instruments and crowned by Rupert and Virgil, as well as the magnificent Cathedral portals made by Scheider-Manzell, Mataré and Manzú.

Festival Tour Extensions

Music Celebrations International knows that many choirs singing in the festival will want to stay in Europe afterwards to explore and experience some of the many musically and culturally significant towns and cities in the area. MCI is also able to help balanced choirs perform in stand-alone concerts as part of the American Celebration of Music in Europe.

The following are four examples of possible post-festival extensions to consider. Remember that MCI is more than happy to use these itineraries as a starting point to then create a completely customized tour for your choir.
